1. We appreciate the transmittal of a copy of the proposed letter from IDENTITY/2 and ARMARSH/15 to us for translation and our comments.

2. Our opinion is that ARMARSH/15's addition to IDENTITY/2's letter to IDENTITY/1, the translation of which is attached, is an obvious recruitment pitch, indicating that IDENTITY/1 will be provided with S/W. We feel that it is too early to attempt this without knowing more factual information about IDENTITY/1's cut-out IDENTITY/3. We plan to elicit this information, if any, from IDENTITY/2. However, even if we are not successful, we will not object to mailing a verified copy of the first part of the letter written by IDENTITY/2 in order to obtain the address of IDENTITY/1. This action will be taken only after contacting IDENTITY/2, who has provided most of the potential agent leads to ARMARSH/15. It may be advisable to use one of our cleared accommodation addresses in Western Europe instead of using IDENTITY/4. Should you prefer to use IDENTITY/4, we would appreciate receiving PQ I type of information in order to process a clearance.

3. Our reasons for not transmitting the letter as written follow:

- a. Experience shows that the Brits are very much aware of HIS provocations. We can only assume that even if IDENTITY/3 is clean, she may suspect the letter from ARMARSH/15. A letter mailed internally is a frequent example of an HIS provocation.
- b. Upon the receipt of the letter IDENTITY/3 would have to select one of several courses of action:
 - 1) Turn the letter over to HIS in order to protect herself.
 - 2) Transmit the letter to IDENTITY/2 and notify the HIS.
 - 3) Destroy the letter.
 - 4) Take a chance and transmit the letter to IDENTITY/1.
- c. Regardless of her course of action IDENTITY/3 would be made witting of a potential clandestine operation which may be dangerous for IDENTITY/1. Furthermore from an operational point of view this may be unnecessary.

4. We are able to mail internal letters from Moscow. However, the opportunities to mail letters from Riga during the winter season are limited.

5. IDENTITY/1 has been granted POA for contact and assessment.

6. The translations of the attachments to Reference B will be forwarded to your Station shortly.

MEMORANDUM COVER ATTACHMENT B TO
CWNY 64-1

September 23, 1959

Dear Jack,

Thanks for your letter. I received it quite some time ago. Had
so much to do that I was delayed in answering.

Write me to the below mentioned address. It is our friend's address
and that way I'll receive your letters sooner. Your letter was very
interesting and I was very happy to hear from you after such a long
period of time. I am glad that you are alive and breathing the air of the
homeland. I am not doing so bad. We get along. I and my wife are working.
Boys are studying. If you have some wish feel free to write. I'll
try to help as much as possible. Our common friend is closer to many
things. You must have heard about Boris as well as others. Health and
average routine, only old age is catching up. However, that's nothing.

Greetings to yours and your friends. Write. I'll await.

Wishing you all the best,

Wills

Some other time I'll write more.

Dear Friend,

Don't break your head about my name and address. You can be sure
that if we were to meet we would have each other very well. If you have
a serious desire to correspond with us on a larger scale, then this
possibility will be given to you. However, in that case send us a letter
via mail and incorporate us on the address in my family. If you have
some other secure method how to send a letter then you can express yourself
more clearly. If you have a possibility to make a trip to Western Europe
then cable us even as you get out or send a message from your home in
some other way.

Wishing you all the best,

B. E.
